About Libero Copper & Gold

Libero is acquiring high-quality copper deposits with significant resources but without any fatal flaws or significant holding costs and exceptional copper and gold exploration properties in the Americas. These assets are being advanced and de-risked by a seasoned team to minimize dilution and maximize shareholder value. The portfolio currently includes the Big Red exploration project in Canada, the Tomichi deposit in the United States and the Mocoa deposit in Colombia which both contain large inferred mineral resources. In total the properties contain 7.9 billion pounds of copper and 1.1 billion pounds of molybdenum.
